COMPLIANCE STATEMENT

Standard Supply Co adheres to International and National Standards which set out specifications, procedures and guidelines that aim to ensure products, services, and systems are safe, consistent, and reliable.

International Standards | ISO 9001: 2015

Standard Supply Co adheres to the **ISO 9001:2015 Standard.**

ISO 9001:2015 is a globally recognized standard for quality management which ensures organizations continually improve their performance, meet customer expectations and demonstrate their commitment to quality.

ISO 9001:2015 Certification requires compliance with seven quality management principles including, but not limited to:

- a strong customer focus;
- continual improvement;
- commitment to quality;
- environmental responsibility

National Standards | AS/NZS 2053.1:2001

Standard Supply Co adheres to and supplies conduits and fittings that are manufactured to comply with the **AS/NZS 2053.1:2001 Standard:** Conduits & fittings for electrical installations – General requirements.

The AS/NZS2053 series of standards defines strict criteria conduits and fittings sold in Australia and New Zealand and used to protect cables in electrical installations, must meet in order to claim standards compliance and provide users and consumers with a high level of confidence the that the product is fit for purpose.
